

Philadelphia Water Department Wants to Raise Your Rates During Record Inflation!

PWD wants to raise rates by \$240 million over the next two years.

On average, you could be paying 20% more per month for water.

Your voice matters!

The *Water, Sewer, and Storm Water Rate Board* will decide whether or not to increase rates. **You have a right to participate in the public proceeding**, and it's important for the Rate Board to hear your opinion.

Tell the Water Rate Board to keep water affordable!

Hearings will be held March 22 and March 23 at 3:00 pm and 6:00 pm by phone and zoom. Visit clsphila.org/WaterRate2023 for info.

Community Legal Services, as Public Advocate, offers free resources to support public input, including help for people who have difficulty participating in hearings. Email publicadvocate@clsphila.org or call **215-227-9988** for information or assistance.
